**About the Museum of Art & Photography**

The Museum of Art & Photography (MAP) is a new and innovative art organisation opening in Bangalore. MAP’s mission is to exhibit, interpret and preserve a growing collection of art and cultural artefacts, motivated by a belief that museums can play a positive role in society. MAP is custodian to a growing collection of over 20,000 artworks, predominantly from south India and dating from the 12th century to the present.

Currently under construction, its 43,000 sq. ft. flagship site will include five galleries, an auditorium, an art and research library, an education centre, a multimedia centre and a specialised research and conservation facility.

While the museum’s physical space is being built, MAP is carrying out its mission by actively reaching out to the local community, in particular to schools in Bengaluru, through a variety of programs and projects, including artist loans, art exhibitions, workshops and lectures.

MAP’s activities have already expanded beyond the four walls of a traditional museum space. Having launched in December 2020, MAP's Digital Museum, one of the first in India, curates non-stop art experiences for audiences of all ages, from online exhibitions to a range of articles and essays, collaborations with museums around the world, engaging talks by leading industry figures, and educational resources for kids and adults.

This is an exciting time to join the team at MAP, in the busy lead-up to the opening.
Role Overview

The Junior Photographer will be responsible for photographing the MAP's collection, post-processing them according to MAP's imaging standards and ensuring quick turn-around times on the images.

- Assist the Photo Studio Manager in documenting the Museum collection
- Assist the Digital Asset Manager in asset management
- Work alongside the Museum's Collection's team in objects documentation
- Any other duty assigned by the Line Manager

Required competencies
Candidates should be:

- Creative and passionate about photography.
- Have a natural eye for image composition.
- Have excellent technical knowledge for both photography equipment and lighting.
- Have a good command of Photoshop, Lightroom and Capture one pro.
- A previous experience in an occupation with a high volume of work is a plus.
- Is proactive, driven and adheres to deadlines.
- Understand the vision and mission of MAP and is able to translate that into images that reflect the brand.

Equality & Diversity

MAP is an equal opportunities employer. We oppose all forms of discrimination and believe that all people, regardless of their identity or membership of any group deserve to be treated equally, consistently and fairly.

We welcome creativity, excellence and different perspectives that individuals of all backgrounds and abilities bring to our work.

Application process

To apply please fill in the application form and upload your CV here. Only shortlisted candidates will be contacted.
