

## Activity Sheet: **It Takes Two!**

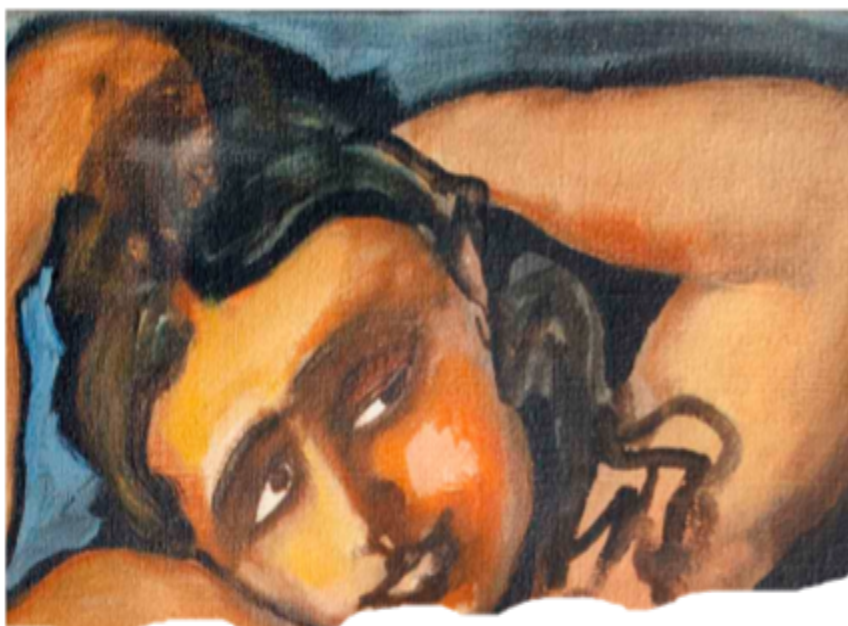

Jogen Chowdhury is an eminent Indian artist. In this artwork from the MAP collection, he tried out a fun experiment, by completing an older unfinished or deteriorated artwork by an unknown artist in his own style!

If you haven't figured it out yet, the bottom section showing the torso of the figure is from the original work, and the upper portion with the drawing of the head, hand and architectural components is made by Chowdhury.

If you had to complete this painting, what would you have drawn?

## Complete the Picture!

How about getting inspired by Chowdhury's experiment that you just saw and trying something similar with other images? Below you will find a few incomplete works from the MAP collection. Print them out, get your art supplies and complete them as you like!
