About MAP

The Museum of Art & Photography (MAP) is a new and innovative museum that opened its doors to the public in February 2023. MAP's mission is to exhibit, interpret and preserve a growing collection of art and cultural artefacts, motivated by a belief that museums can play a positive role in society.

Since 2016, even while the museum's physical space was being built, MAP has been carrying out its mission by actively reaching out to the local community through a variety of programmes and projects. With the pandemic, it also took a lot of its programmes online.

This is an exciting time to join the team at MAP, in our new space and with many new projects in the pipeline. With audience development and growth one of the primary areas of focus with the physical museum now open and operational, we're looking to expand our Programmes team.
